## TIPS FOR EXHIBITORS

### What the Judges look for in some of the more popular vegetables and fruit categories

#### General across all classes:

1. The exact quantity as specified on the schedule, bring a couple of spares in case of damage.
2. Freshness: Harvest most specimens as close to the show as possible although onions, shallots and garlic should be dug a few weeks before the show to allow the skins to dry.
3. No damage to the skin/bloom: If you need to wash them do so with a soft cloth
4. Size: the correct size for the class/cultivar and uniformity in size and shape.
5. Colour: Unblemished exhibits with a good colour.
6. Calyces and stalks: intact and fresh, not withered.

#### Vegetables by class

- ♦ **Beans:** straight, uniform length, no outward sign of seeds, stalks and tails intact. Judges will snap one to check freshness and condition.
- ♦ **Carrots:** Fresh, firm, long, uniform shape and weight. No evidence of side roots and good colour. Tap root intact. Foliage trimmed to 50 to 75 mm. Cleaned carefully with wet cloth.
- ♦ **Chard:** Display broad, fresh, undamaged leaves and stalks in a vase, no sign of pest or disease damage.
- ♦ **Courgettes:** Young, tender, uniform shape and colour. Flowers attached shows freshness but not required.
- ♦ **Cucumbers:** tender, straight and blemish free, short handles, with or without their flowers
- ♦ **Onions:** correct weight for class, uniform, ripe, firm bulbs with thin necks, no sign of damage. You can stage them on a plate with sand or on rings. Tie trimmed necks with raffia.
- ♦ **Potatoes:** Uniform shape and size, good colour for cultivar, clear skin within no sign of green.
- ♦ **Tomatoes:** Ripe but firm, uniform and correct size for category. If too ripe they can split on the day. Good colour, blemish free and calyces attached. Some people exhibit on polo mints or sand on a plate.

#### Fruit by class

- ♦ **Apples Cooking:** Large, uniform size, with stalks intact, no evidence of disease or blemishes. Can be exhibited ripe or unripe. Stage on plates with stalk facing down.
- ♦ **Apples Eating:** Correct size for cultivar, uniform, unblemished, good colour with stalks intact. Typical diameter 60-80mm.
- ♦ **Berries:** Uniformly large, ripe fruits with bright colour, no blemishes. Calyces (hulls) fresh and stalks intact. Lay berries in neat lines or in a circle, all stalks pointing the same way.
- ♦ **Currants:** Strigs with full complement of large ripe, uniform berries. Avoid strigs with missing berries, shrivelled stalks or unevenly ripened berries.
- ♦ **Pears:** Large (for the cultivar) uniform, shapely, with undamaged eyes, stalks intact, unblemished skin. Cooking pears should not be overripe. Use secateurs or sharp scissors to cut fruit from the tree. Handle as little as possible, by their stalks.
- ♦ **Plums:** Large, ripe, stalks and bloom intact. Stage in circle with stalks facing inwards.
- ♦ **Rhubarb:** Fresh, firm, straight, long, tender stalks of uniform overall length and weight. Foliage trimmed to 75mm. Pulled, not cut, from the base, bud scales removed. Judges will snap one to assess freshness and colour. (Foliage of forced rhubarb should not be removed.)

# RULES & CONDITIONS OF ENTRY

## 1. GENERAL

The Show will be conducted in accordance with the rules and standards in the Royal Horticultural Society's (RHS) Horticultural Show Handbook (revised 2016) except where, under this Schedule, they obviously do not apply. This is a useful reference for Exhibitors and can be borrowed from the Hut, Washington Road, Emsworth, Sundays 10:00 to 12:00. £10 deposit and signature required.

## 2. SUGGESTIONS TO EXHIBITORS

The RHS's Handbook (revised 2016) pages 41 - 50 offer useful hints and suggestions for exhibitors on Flowers, Fruits & Vegetables, especially useful for novices. The advice covers how to select your exhibits, and how to carry, pack and present them on the show bench.

## 3. INDICATOR - PRIZES, POINTS AND ENTRY FEE

The following Class Indicators are shown alongside each Class throughout the Schedule to identify the Prize Money and the Points that will be awarded to the 1st, 2nd and 3rd Prize winners for the Class. These are used to compute the winner of the RHS Banksian Medal, from Sections 1 to 6, the B.S.Williams Trophy, from Sections 3 to 6, and the winners of the 'Most Points' awards in individual Sections. The Class Indicator also determines the Entry Fee for exhibiting in the Class:-

Class Indicator	Prizes			Points			Entry Fee
	1st	2nd	3rd	1st	2nd	3rd	
A	£30	£18	£12	10	6	4	£1.00
B	£4	£2	£1	4	2	1	50p
C	£3	£2	£1	3	2	1	Free

### Notes:

- i. An exhibitor submitting more than £10.00 in Entry Fees will receive free entry to the Show.
- ii. Exhibitors can collect their items from the Marquee after 16:15. Any exhibits which remain after 16:45 will be removed and auctioned by the Society.
- iii. Please note - Cars picking up exhibits will not be allowed in the showground before 17:15.

## 4. ENTRIES

Entry Forms, together with Entry Fees, MUST be delivered to one of the three options stated on the Entry Form by 18:00 on Sunday 23rd August. Earlier entry would be much appreciated. The Horticultural Marquee Committee reserves the right to refuse any entry and is not required to give any reason. No late entries will be accepted.

## 5. NOVICES CLASSES

Class to encourage newcomers. 'NOVICE' is someone who has not won a 1st prize for the particular Class at any previous Show.

## 6. STAGING OF EXHIBITS

Is from 15:00 to 18:00 on Sunday 30th August and from 07:00 to 09:00 on Show Day. During staging, exhibitors should address any queries to one of the stewards or member of the committee in attendance. Exhibitors' **Entry Cards** will be issued from a table in the Show Marquee and should be placed **face downwards** with the exhibits. (RHS Show Handbook (2016) p21:6).

# RULES & CONDITIONS OF ENTRY (CONT.)

## 6. STAGING OF EXHIBITS (Cont)

Exhibitors who have entered a Class but decide not to stage an exhibit should return the Card to the desk. Small white (variety) cards will also be available. Exhibitors are requested to use these to 'name' their exhibits; this helps visitors to the Show. Errors in naming will not disqualify the entry. Correct and clear labelling may be viewed by judges as an advantage in close competition. If an exhibitor does not know the name of a 'cultivar' the card should bear the wording 'Name Unknown'.

## 7. EXHIBITS SHOULD BE REMOVED BETWEEN 16:15 AND 16:45 on Show Day.

Earlier removal requires the Marquee Manager's approval. Exhibits remaining after 16:45 will be auctioned by the society.

## 8. KINDS AND CULTIVAR

Used throughout the Schedule for the classification of flowers, fruit and vegetables. **Kinds** of vegetables include peas and carrots; roses and dahlias are **kinds** (genus, species or hybrids) of flowers. **Cultivar** is used for **varieties** of kinds of flowers, fruit and vegetables. Peace and Virgo are cultivars of roses, Onward and Alderman are cultivars of peas.

## 9. VASES

A range will be available from the Society for sections 3 and 4 only, however we cannot guarantee there will be sufficient for all exhibitors.

## 10. PLATES AND CAKE COVERS

Where indicated these will be supplied by the EHS, in the sizes required. This only applies to Section 2 and to cakes and biscuits in Sections 8 and 9.

## 11. DECISIONS AND PROTESTS

The **Judges' decision as to the merits of the exhibits shall be final**. The Committee reserves the right to decide on any other dispute. Any protest **must** be made in writing and given to the Marquee Manager by 13:00 on Show Day.

## 12. ELIGIBILITY OF EXHIBITORS

On all questions regarding the eligibility of an Exhibitor the decision of the Committee shall be final.

## 13. EXHIBITS MUST BE THE PROPERTY OF THE EXHIBITOR

Unless otherwise stated, all exhibits must be the property of the Exhibitor and must have been in their possession for **at least 2 months prior to the show**. The Committee reserves the right to visit, before or after the Show, gardens and/or allotments from which exhibits have been entered.

## 14. NUMBER OF ENTRIES IN A CLASS

An Exhibitor may stage only one entry in any one Class.

## 15. NUMBER OF ENTRIES PER HOUSEHOLD

Only one person per household may exhibit in a single class with produce from the same garden or allotment (unless the exhibit is entered into the class under joint names). This does not apply to floral arrangement Classes where Exhibitors are allowed to use plant material not grown by themselves.

## 16. CONSTITUTION OF AN EXHIBIT

Where a number or quantity is specified in the Schedule, only the exact amount will be accepted. An

# RULES & CONDITIONS OF ENTRY (CONT.)

exhibit **will be disqualified for any excess or deficiency**. If, before it is judged, an error is noticed, the steward may allow the Exhibitor (if at hand) to correct the mistake but the officials are not under any obligation to do so. Any disqualification resulting from the error is the Exhibitor's responsibility. The Judges may not correct any error, but may direct the attention of the referee or steward to it.

## 17. CONSTITUTION OF DISHES

Every dish must consist of one cultivar (variety) only, unless expressly permitted by the Schedule.

## 18. THE RIPENESS OF FRUIT

Apples, pears and gooseberries may be shown either ripe or unripe. All other fruit must be ripe unless otherwise specified in the Schedule. Over ripeness will be regarded as a defect in any fruit.

## 19. THE CLASSIFICATION OF DESSERT & COOKING CULTIVARS (VARIETIES) OF FRUIT.
